

SAFETY READING GLASSES

MODEL X26

FRAME INFORMATION

The Safety Reading Glasses X26 is an oval safety frame with anti fog lenses. These safety glasses feature magnifying lenses which reduce fatigue and eye strain. The X26 safety reading glasses are made of a high-quality TR-90 nylon construction, ensuring chemical resistance. Plus, these lightweight safety reading glasses feature integrated side shields for additional lateral protection. In addition, the X26 has our exclusive permanent anti fog coating technology, which guarantees that the lenses of these reading glasses will never fog. The X26 reading glasses are available in black. This is an excellent option if you need reading glasses for work. Additionally, the reading glasses X26 meet rigorous industry standards and are ANSI Z87-2+ and EN 166 approved for optimal protection.
