Phillips Safety is the industry leader in occupational safety eyewear. In business for over 100 years, you are being served with the dedication and craftsmanship of a family owned company.

Phillips Safety has been producing occupational safety glasses since 1905 and continues to develop and produce the highest quality glasses and lenses today. A leading manufacturer of specialty safety eyewear in the United States, Phillips Safety adheres to strict ANSI Z87-2+ and EN 207 CE standard certifications, holding itself to a highest standard and prides itself on producing glasses with the finest quality materials available.

All safety glasses produced and sold by Phillips Safety meet strict industry standards for military, medical, research laboratories, and a variety of other industries.

With Phillips Safety's dedicated team, you can rest assured knowing that all your prescription safety needs are met.

**CATEGORY INFORMATION**  
**GREEN BEAM LASER POINTER SAFETY GLASSES**

Laser pointer safety glasses are specialized eyewear designed to protect the eyes of pilots from potentially harmful laser beams. Originally developed for US Military pilots, these glasses are specifically engineered to filter out and attenuate the wavelengths of light emitted by laser pointers, which can pose a significant safety risk when aimed at aircraft cockpits. Phillips Safety's Green Beam laser pointer safety glasses feature an advanced polycarbonate orange/peach lens filter designed to provide exceptional laser protection. Whether you're working in a professional environment or simply require reliable protection for recreational laser use, these glasses are your trusted shield.

With a visible light transmission (VLT) of 33%, these glasses offer a remarkable balance between protection and visual clarity. You can count on these glasses to keep your vision sharp while safeguarding your eyes from harmful laser emissions.

**CATEGORY INFORMATION**  
**GREEN BEAM LASER POINTER SAFETY GLASSES**

It is important to note that they are engineered for specific laser wavelengths, offering precise protection with the following Optical Density (OD) ratings:

OD 5+ @ 190-400nm

OD 2+ @ 532nm

In addition, our Green Beam laser pointer safety glasses meet and exceed industry safety standards, ensuring your peace of mind. These glasses undergo rigorous testing and adhere to both ANSI Z87.1 and ANSI Z136.1 safety standards, guaranteeing your safety in any laser-intensive environment. For unparalleled laser safety, choose Phillips Safety's Green Beam laser pointer safety glasses.
