SAFETY STRAPS

The use of safety straps is crucial in preventing nerve damage or muscle pain that may result from improper or insecure patient positioning. These straps provide a stable and safe experience for both the patient and surgeon.

At Phillips Safety, we emphasize the importance of patient safety straps in various medical scenarios, including dental procedures, surgeries, and more. Our safety straps can be used to secure almost any professional surface, such as patient beds, transfer tables, and chairs.

Our collection of safety straps are designed to ensure patient safety and protection in potentially hazardous medical environments. We offer a wide range of safety straps in different lengths, sizes, and materials. Plus, they are suitable for men, women, and children of all ages and sizes. Additionally, our line includes straps with adjustable buckles, Velcro hook and loop, and combinations of buckles and hooks.

CATEGORY INFORMATION
SAFETY STRAPS

As such, Phillips Safety's safety straps are essential in keeping patients securely positioned, allowing medical professionals to work with precision and accuracy. By immobilizing the patient, doctors, technicians, or any medical professionals have unobstructed access to the areas they need to work on.

SAFETY STRAPS

A large, stylized graphic of a safety strap buckle, rendered in a dark teal color. The buckle is composed of several concentric, curved segments that form a central circular opening. The design is modern and industrial, with smooth curves and a solid color.

PHILLIPS SAFETY SAFETY STRAPS

PRODUCT INFORMATION

PATIENT RESTRAINT STRAP WITH 1 BUCKLE

The Patient Restraint Strap with 1 Buckle is a safety strap designed to securely restrain patients. Made from thermoplastic urethane and featuring ultrasonically welded seams, it is the only high-level disinfectable surgical table strap. With its seamless design, these straps are easy to clean, devoid of puncture holes, stitching, or seams. This eradicates potential hiding spots for bacteria, significantly lowering the risk of cross-contamination. This innovative construction permits complete and repeated submersion in high-level disinfectants.

Moreover, this Phillips Safety strap offers universal compatibility with all surgical tables and allows secure fastening around the table or through side rails. The Patient Restraint Strap with 1 Buckle features a 2-inch wide belt and comes equipped with a cam-style metal buckle. It's also latex-free and comes in four different lengths: 96", 108", 120", and 132".

SPECIFICATION

COLOR: Black

MATERIAL: Thermoplastic Urethane

WIDTH: 2"

LENGTH: 96", 108", 120", and 132"

FEATURES: Buckle, Ultrasonically welded seams,
Compatible with all surgical tables

PRODUCT INFORMATION

PATIENT RESTRAINT STRAP WITH MID PANEL AND 2 BUCKLES

The Patient Restraint Strap with Mid Panel and 2 Buckles is a safety strap designed to securely restrain patients. Made from thermoplastic urethane and featuring ultrasonically welded seams, it is the only high-level disinfectable surgical table strap. With its seamless design, these straps are easy to clean, devoid of puncture holes, stitching, or seams. This eradicates potential hiding spots for bacteria, significantly lowering the risk of cross-contamination. This innovative construction permits complete and repeated submersion in high-level disinfectants.

Furthermore, this Phillips Safety strap is universally compatible with all surgical tables and can be secured circumferentially around the table or through side rails. The Patient Restraint Strap with Mid Panel and 2 Buckles is also equipped with two lock-tight buckles and a mid-panel. The strap has a 2-inch width, a four different lengths, and a mid-panel measuring 5 inches wide by 18 inches long. In addition, it is available with two side rail hooks to anchor or remove the strap to the operating room table.

SPECIFICATION

COLOR: Black

MATERIAL: Thermoplastic Urethane

WIDTH: 2"

LENGTH: 96", 108", 120", and 132"

FEATURES: 2 buckles, Ultrasonically welded seams,
Compatible with all surgical tables

PRODUCT INFORMATION

PATIENT RESTRAINT STRAP WITH MID PANEL AND 4 BUCKLES

The Patient Restraint Strap with Mid Panel and 4 Buckles is a safety strap designed to securely restrain patients. Made from thermoplastic urethane and featuring ultrasonically welded seams, it is the only high-level disinfectable surgical table strap. With its seamless design, these straps are easy to clean, devoid of puncture holes, stitching, or seams, eradicating potential hiding places for bacteria and substantially reducing the risk of cross-contamination. This innovative construction permits complete and repeated submersion in high-level disinfectants.

Moreover, this Phillips Safety strap is universally compatible with all surgical tables and can be secured circumferentially around the table or through side rails. The Patient Restraint Strap with Mid Panel and 4 Buckles is equipped with four lock-tight buckles, an extra-large mid-panel, and two sturdy, extra-long straps for security of your bariatric patients. The straps have a 2-inch width, a 140-inch length, and a mid-panel measuring 11 inches wide by 30 inches long.
