

RADIATION SAFETY GLASSES

TP395

FRAME INFORMATION

The radiation glasses TP395 feature high-quality, distortion-free SF-6 Schott glass radiation-reducing lenses with 0.75mm Pb lead equivalency protection and 0.50mm Pb lead equivalency lateral protection. The TP395 lead glasses have clear CE Certified Lens and weigh 95g. These safety glasses TP395 are also prescription available. Made of high-quality plastic, their oversized square frame is durable and lightweight. Plus, the TP395 safety glasses feature removable side shields, rubberized nose pads, and rubberized temple bars. In addition, these Phillips Safety prescription safety glasses are available in two colors: gray/blue and light gray/green.
