PRODUCT INFORMATION
QUICKSHIP LAPGUARD HALF LEAD APRON

The QuickShip LapGuard Half Lead Apron is an excellent, flexible option for reducing radiation exposure. This apron covers the abdomen and pelvis. Its one-size-fits-all design ensures maximum adjustability and comfort. Plus, the apron is open at the back and features a buckle closure with straps. These straps wrap around and adjust at the waist, securing with a lock at the back.

Suitable for both men and women, the QuickShip LapGuard Half Lead Apron comes in three core materials: lightweight lead, economy lead-free, and premium lead-free, each providing a 0.50mm Pb lead equivalency. It is available in two outer materials: Nylon and Ripstop, in various colors with black binding. This apron is offered in three sizes, ranging from small to large. Additionally, the core material meets the ASTM F3094-14 testing standards for lead aprons.
