**PRODUCT INFORMATION**  
U STYLE LIGHTWEIGHT LEAD THYROID SHIELD

The U Style Lightweight Lead Thyroid Shield is a comfortable, effective collar designed to reduce radiation exposure. This lead thyroid shield provides superior comfort and adjustability, ensuring a perfect fit for both patients and medical professionals alike. Engineered with standard lead protection of 0.50mm Pb lead equivalency, it prioritizes safety during procedures requiring radiation protection.

Available in a diverse palette of seven colors, the U Style Thyroid Shield offers not only essential radiation shielding but also allows individuals to express their personal style. Each color option is thoughtfully selected to complement various healthcare environments while meeting stringent safety standards. Whether you’re looking for reliable protection or a customized aesthetic touch, this thyroid x ray shield delivers on both functionality and versatility, making it an ideal choice for medical settings.
