**PRODUCT INFORMATION**  
BEAM ON LED SIGN

The Beam On LED Sign is a lightbox specifically designed to provide clear and visible notification when a radiation beam is active. This high-quality LED sign features bright illumination to ensure maximum visibility, even from a distance or in low-light conditions. The “Beam On” message is prominently displayed, alerting individuals to the operational status of radiation equipment and the associated safety precautions. Ideal for use in medical facilities, research labs, and any location where radiation beams are used, the Beam On LED Sign is an essential safety tool to help protect patients, staff, and visitors.
