

SAFETY GLASSES

MODEL 13001

FRAME INFORMATION

The Safety Glasses 13001 have a wrap-around frame made of high-quality plastic. The 13001 model is lightweight, highly durable, and impact resistant. Plus, it features rubberized nose pads and no-slips temples for superior comfort. These Safety Glasses are available in matte black. They also meet rigorous ANSI Z87 and EN 166 industry standards, for optimal protection.

Moreover, the Safety Glasses 13001 offer three lens choices. The first is a frame-only option. The second is clear safety lenses with anti-fog properties, ensuring impact resistance and fog prevention. The third option includes anti-fog and Transition gray lenses, ideal for indoor and outdoor use, transitioning from clear when indoors to gray in sunlight.
