**PRODUCT INFORMATION**  
LIGHTWEIGHT LEAD THYROID SHIELD

The Lightweight Lead Thyroid Shield offers a comfortable and effective way to reduce radiation exposure. Designed with both patients and medical professionals in mind, this thyroid collar is easy to wear and secure, thanks to its convenient Velcro straps. Its emphasis on comfort and safety makes it an excellent choice for extended use during medical procedures.

Suitable for both men and women, this thyroid shield features a lead core material. It offers two protection options: 0.35mm Pb lead equivalency or 0.50mm Pb lead equivalency. The core material meets ASTM F3094-14 testing standards, ensuring reliability and safety.

Additionally, the Lightweight Lead Thyroid Shield is available in four outer materials: Nylon, Ripstop, Polytron, or PVC EasyClean. It also comes in a variety of colors, all featuring black binding.
