PRODUCT INFORMATION
PREMIUM LEAD FREE THYROID SHIELD

The Premium Lead Free Thyroid Shield offers a comfortable and effective way to reduce radiation exposure. Designed with both patients and medical professionals in mind, this thyroid collar is easy to wear and secure, thanks to its convenient Velcro straps. Its emphasis on comfort and safety makes it an excellent choice for extended use during medical procedures.

20% lighter than our Economy Lead Free models, this thyroid shield enhances comfort and wearability. It features a non-lead bi-layer construction, suitable for both men and women. It also offers two protection options: 0.35mm Pb or 0.50mm Pb lead equivalency. Plus, this lightweight thyroid shield is non-hazardous, 100% recyclable, and easy to dispose of.

Furthermore, the core material complies with ASTM F3094-14 testing standards, ensuring reliability and safety. It also comes in four outer materials: Nylon, Ripstop, Polytron, or PVC EasyClean. In addition, the Premium Lead Free Thyroid Shield is available in various colors, all featuring black binding.
